

# Please listen to Sabelo's message about forced medication and concentration camps proposed in South Africa

After August 5th, 2022, if you do not tell them HELL NO, you will not be able to refuse medications, examinations, quarantines or forced isolation

You will soon be 1 of 3 things:

- 1. A case
- 2. A suspect
- 3. In contact with a case

Once again, National Health Act (fast and loose with the word Health, aren't ya?) 'amendments' will subject all people to incarceration and medical experimentation on a whim, and it will be permanent if this farcical nonsense is allowed to pass.

In line with constitutional rights, tell them as a beautiful collective, and as free individuals, that your constitutional and inalienable rights WILL NOT BE TAKEN AWAY.

ACT NOW. TELL THE SOUTH AFRICAN GOVERNMENT: HELL NO.

YOU HAVE UNTIL AUGUST 5TH, 2022.
